his army was in Boston in the summer of 1775. The word Yankee does not ap-pear in three verses, but they were sung to the time known as "Yankee Doedle." Now, as to the tune: It is identical with the tune known in England and America long before the revolution as "Lydia Fisher's Jig" to which the words of an old nursery song were adapted:

Lucky Locket lost her pocket. Lyddie Fisher found it; Not a hit of maney in it, Only binding around it.

In 1775, when the colonial troops joined the British regulars under General Johnson, near Albany, preparatory to their attack on the French post at Niagara, a British surgeon, who was a clever musician and something of a wit besides, arranged this old air and commended it to the officers of the provincial militia as a well-known piece of from her captors, selzed the spear and drove it into her breast.

There was now but one thing for the resonn party to do to get their "Yankee Doodle" our national sir. The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or hiood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous thing surfaces, as of the nasal passages, throat bronchial tubes, stomach, howels and blaides curing a large per cent, of catarrhal cates whether the disease affects the masal passages, the frequently as the masal passages, the frequently stomach as catarrhal dyspepsial bowels (as mucous) as the largest places, the the period of the chronic or uncertained to the affections it is often successful in affect.

regularities incident to vomen out.

Is a powerful yet gently acting invigorating tonic and nervine. For weak wornout, over-worked women—no matter what has caused the broak-down, "Favorita Prescription" will be found most effective in building up the atrength, regulating the womanly functions, subtiding pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formule of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each in gredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Docto Pierco's medicines by such writers shool have more weight than any amount of non-professional testimonials, because with men are writing for the guidance of their medical brethren and know where they speak.

Both medicines are non-alcoholic, no

their medical brethren and know who estable appears.

Both medicines are non-alcoholic, non-accret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the regis of unive, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Peliets, small, supar-coated, easy to take as cardy, regulate and invigorate stomach, liver and bowels.

The year 842 B. C. is the date around which the theologian swings most of his evidence. In distributing the other dates from 842 he figures that the death of Solomon and the division of the kingdom must be placed at 632 B. C.

He holds that Solomon rejected for the secretary of the association requesting each bartend-cr to ask for the photograph of every drunkard from his wife or family in case complaint is made about selling liquor to him. The pictures then are drunkard from his wife or family in case complaint is made about selling liquor to him. The pictures then are to be sent to the secretary of the association and he in turn is to have copies made and sent to every member of toe association. These pictures then are to be pasted on the mirror behind the bar Newport, R. I., Oct. 15.—Evidently it was a person of some means and refinement whose body was washed upon the shore of Jamestown. When the body was examined yesterday it was found that there was jewelry of considerable value upon it.
